WASTC 2019 Faculty Development Weeks

BACCC Summer CyberCamps and Competitions – Coaches Training

Dates: In Person, June 10 - 14, 2019 Cabrillo College, Aptos CA

Target Audience: This course is for you if …
- You will be participating in the summer CyberCamps
- Your school is interested in forming CyberSecurity Competition Teams to compete in Cyberpatriots, National Cyber League (NCL), SkillsUSA and more.
- You want to be a coach for your Cyber Teams
- Your college is interested in hosting K-12 schools to participate in Cybersecurity Competitions on your campus
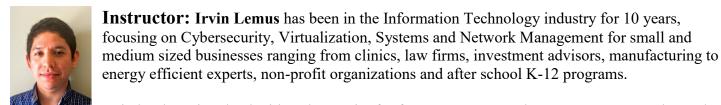

Workshop Overview:
This week-long intensive course will prepare educators to lead their students in participation of various Cyber security and related contests by providing training material, resources and practice environments that can be utilized in any classroom. We will cover how to enroll, practice and even create and host your own local competition in a joint session with the NDG course.

Daily Activities:
- Day 1: Introducing Competitions and yearly calendar
- Day 2: Starting a team from scratch
- Day 3, part 1: Developing Teams' knowledge through practice and research
- Day 4, part 2: Developing Teams' knowledge through practice and research
- Day 5: Hosting a competition event (Joint session with NDG course)

Instructor: Irvin Lemus has been in the Information Technology industry for 10 years, focusing on Cybersecurity, Virtualization, Systems and Network Management for small and medium sized businesses ranging from clinics, law firms, investment advisors, manufacturing to energy efficient experts, non-profit organizations and after school K-12 programs.

Irvin has been involved with CyberPatriot for four years as a coach, mentor. He currently teaches at Cabrillo College and is the BACCC Cyber Competitions Regional Coordinator. He leads the participating community colleges in the consortium by training, mentoring and supporting the K-12 schools from various districts across Northern California. He is also on of the main collaborators for the SkillsUSA Cyber Security competition.
